

## 2026-29 Business Plan and Supplementary Performance Measures Backgrounder

Measures used in the business plan are a part of the ministry's overall performance measurement framework. The measures are selected to assess the success of the education system in meeting the outcomes published in the business plan.

Together with the business plan measures, the supplementary measures in the summary table reflect a comprehensive assessment of the education system.

This comprehensive performance measurement framework contains three types of measures: administrative, assessment and survey. These three different types of measures rely on different methods of data collection, which broadly capture all aspects of the education system than would be the case if the framework relied on a single method of data collection.

The measures in the framework cover six diverse categories. These categories are listed below with the number of associated measures shown in brackets:

- A. Student Learning: (23 measures and 1 indicator)
- B. Opportunity to Learn: (4 measures)
- C. Involvement: (3 measures)
- D. Teaching: (1 measure)
- E. Leadership and Governance: (4 measures)
- F. Facilities: (1 measure)

All measures are reliable, valid, comparable over time, and follow a consistent and robust methodology. These different types of measures help in understanding the performance of the provincial education system.

## 2026-29 Business Plan and Supplementary Performance Measures Summary

| Administrative | Assessment | Survey |
|----------------|------------|--------|
|----------------|------------|--------|

- All results reflect current data as of March 2026, unless otherwise stated.

**TABLE 1: 2026-29 BUSINESS PLAN PERFORMANCE MEASURES**

| Outcome 1: Alberta's students are successful                                                                                                   |                    |             |             |             |             |                           |                  |
|------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|-------------|-------------|-------------|-------------|---------------------------|------------------|
| Performance Measure                                                                                                                            | 2019-20 (%)        | 2020-21 (%) | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 5-Year Trend <sup>1</sup> | Target 26-27 (%) |
| 1.a High school completion rate of students within five years of entering Grade 10 <sup>2</sup>                                                | 86.2               | 87.1        | 88.6        | 88.1        | 87.1        | ↑                         | 87.3             |
| Performance Measure                                                                                                                            | 2020-21 (%)        | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 2024-25 (%) | 4-Year Trend <sup>1</sup> | Target 26-27 (%) |
| 1.b Students who achieved the acceptable standard on Grade 9 provincial achievement tests: <sup>3, 4, 5</sup>                                  |                    |             |             |             |             |                           |                  |
| Language Arts                                                                                                                                  | Data not available | 69.4        | 71.3        | 69.6        | 69.7        | ~                         | 70.2             |
| Mathematics                                                                                                                                    | Data not available | 53.1        | 54.3        | 52.7        | 51.7        | ↓                         | 52.0             |
| 1.c Students who achieved the acceptable standard on diploma examinations: <sup>3, 4</sup>                                                     |                    |             |             |             |             |                           |                  |
| Language Arts                                                                                                                                  | Data not available | 79.8        | 84.8        | 85.1        | 85.7        | ↑                         | 86.0             |
| Mathematics                                                                                                                                    | Data not available | 62.6        | 70.9        | 73.5        | 76.0        | ↑                         | 77.0             |
| Outcome 2: First Nations, Métis and Inuit students in Alberta are successful                                                                   |                    |             |             |             |             |                           |                  |
| Performance Measure                                                                                                                            | 2019-20 (%)        | 2020-21 (%) | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 5-Year Trend <sup>1</sup> | Target 26-27 (%) |
| 2.a High school completion rate of self-identified First Nations, Métis and Inuit students within five years of entering Grade 10 <sup>2</sup> | 68.1               | 68.0        | 71.3        | 69.4        | 69.7        | ~                         | 70.0             |
| Outcome 3: Alberta's students have access to a variety of learning opportunities to enhance competitiveness in the modern economy              |                    |             |             |             |             |                           |                  |
| Performance Measure                                                                                                                            | 2020-21 (%)        | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 2024-25 (%) | 5-Year Trend <sup>1</sup> | Target 26-27 (%) |
| 3.a Satisfaction of students, parents, teachers and school board members with career education opportunities for students <sup>6</sup>         | 75.3               | 72.4        | 71.3        | 69.3        | 71.5        | ↓                         | 72.0             |

1. Trend: ↑ Improvement in performance ~ No significant change in performance ↓ Decline in performance

n/a No trend available due to insufficient data. Trend is based on statistical analysis of the most recent five years of data. For assessment measures such as Provincial Achievement Tests and Diploma examinations reported in the 2024-25 Annual Report Update, trend is based on statistical analysis of the most recent four years of data.

2. The most current result available for this measure is for the 2023-24 school year as data for this measure is lag a year, as the school year concludes after the government fiscal year ends.

3. Results for 2020-21 school year are not available as participation in the Provincial Achievement Tests and Diploma Examinations was impacted by COVID-19-related learning disruptions. Caution should be exercised when interpreting the results over time.

4. Participation in the Provincial Achievement Tests and Diploma Examinations was impacted by the wildfires in 2022-23 and by the COVID-19 pandemic in 2020-21 and 2021-22. Participation in the Provincial Achievement Tests was also impacted by the security breaches that occurred over the last few days of the 2021-22 Provincial Achievement Test administration window. Student data most likely impacted by these security breaches has been excluded from the overall results. Caution should be exercised when interpreting the results over time.

5. Grade 6 Language Arts and Mathematics results are not available due to the new curriculum implementation. These results are also excluded from the Provincial Achievement Test measure.

6. The survey of teachers was administered online in 2021-22, 2022-23, 2023-24 and 2024-25, whereas previously, it was administered by telephone. Caution should be exercised when interpreting the results over time.

7. Targets are not required for performance indicators.

8. This measure indicates whether the province is meeting supply and demand pressures for childcare and is directly related to population growth, policy changes and any government commitments to expanding childcare programs.

**TABLE 2: SUPPLEMENTARY ADMINISTRATIVE MEASURES**

| Performance Measure                                                                                                                                                            | 2019-20 (%)        | 2020-21 (%) | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 5-Year Trend <sup>1</sup> |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|-------------|-------------|-------------|-------------|---------------------------|
| A.1. Percentage of students writing four or more diploma examinations within three years of entering Grade 10 <sup>2, 3, 4</sup>                                               | Data not available |             | 3.5*        | 52.7        | 54.5        | n/a                       |
| A.2 High school to postsecondary transition rate of students within six years of entering Grade 10 <sup>2</sup>                                                                | 60.0               | 60.3        | 59.7        | 60.1        | 59.9        | ~                         |
| A.3 Percentage of students who dropped out of school <sup>2</sup>                                                                                                              | 2.6                | 2.3         | 2.5         | 2.5         | 2.4         | ↑                         |
| A.4 Percentage of self-identified First Nations, Métis and Inuit students writing four or more diploma examinations within three years of entering Grade 10 <sup>2, 3, 4</sup> | Data not available |             | 1.3*        | 23.5        | 24.4        | n/a                       |
| A.5 High school to postsecondary transition rate of self-identified First Nations, Métis and Inuit students within six years of entering Grade 10 <sup>2</sup>                 | 35.7               | 37.7        | 35.5        | 36.8        | 37.1        | ~                         |
| A.6 Percentage of self-identified First Nations, Métis and Inuit students who dropped out of school <sup>2</sup>                                                               | 5.0                | 4.9         | 5.1         | 5.2         | 5.2         | ~                         |

\*The cancellation of January 2022 diploma examination administration impacted students' ability to write two or more diploma examinations.

1. Trend: ↑ Improvement in performance ~ No significant change in performance ↓ Decline in performance  
n/a No trend available due to insufficient data. Trend is based on statistical analysis of the most recent five years of data.
2. The most current result available for this measure is for the 2023-24 school year as data for this measure is lagged a year.
3. Results for 2019-20 and 2020-21 school years are not available as participation in Diploma Examinations was impacted by COVID-19-related learning disruptions. Caution should be exercised when interpreting the results over time.
4. Participation in the Diploma Examinations was impacted by the wildfires in 2022-23, and by the COVID-19 pandemic in 2019-20, 2020-21 and 2021-22. Caution should be used when interpreting results over time.

\*\*Some Grade 6 subject results are not available due to the ongoing curriculum implementation.

1. Trend: ↑ Improvement in performance ~ No significant change in performance ↓ Decline in performance  
n/a No trend available due to insufficient data. Trend is based on statistical analysis of the most recent five years of data.
2. Results for the 2020-21 school year is not available as participation in the Provincial Achievement Tests and Diploma Examinations was impacted by COVID-19-related learning disruptions. Caution should be exercised when interpreting the results over time.
3. Participation in the Provincial Achievement Tests was impacted by the wildfires in 2022-23, by the COVID-19 pandemic in 2020-21 and 2021-22, and by the security breaches that occurred over the last few days of the 2021-22 Provincial Achievement Test administration window. Student data most likely impacted by these security breaches has been excluded from the overall results. Caution should be exercised when interpreting the results over time.
4. The 2022-23 Provincial Achievement Test results do not include students who participated in the optionally implemented/ piloted curriculum and were excused from writing in those subject areas.
5. Participation in the Diploma Examinations was impacted by the wildfires in 2022-23 and by COVID-19 pandemic in 2020-21 and 2021-22. Caution should be used when interpreting results over time. Caution should be used when interpreting results over time.
6. Due to the Kindergarten to Grade 6 curriculum renewal, 2024-25 is the first year of tests that reflect the new curriculum for select subjects. Current year results are not comparable to results from previous years that were based on the old curriculum.
7. The curriculum update is complete for Grade 6 ELA&L (English Language Arts and Literature) and preliminary results are available. The curriculum update is ongoing for Grade 6 French Language Arts and Français. As a result, combined Language Arts results are not reported for Grade 6.

**TABLE 4: SUPPLEMENTARY SURVEY MEASURES**

| Performance Measure                                                                                                                                                                                 | 2020-21 (%) | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 2024-25 (%) | 5-Year Trend <sup>1</sup> |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|-------------|-------------|-------------|-------------|---------------------------|
| C.1 Percentage of students, parents, teachers and school board trustees who were satisfied that students have the opportunity to receive a broad program of studies <sup>2,3</sup>                  | 80.8        | 80.1        | 79.2        | 78.4        | 78.3        | ↓                         |
| C.2 Percentage of teachers and school board members who agreed that teachers are prepared for teaching <sup>2</sup>                                                                                 | 81.1        | 73.3        | 72.5        | 71.6        | 68.3        | ↓                         |
| C.3 Percentage of students and parents who agreed that students are engaged in their learning at school                                                                                             | 79.5        | 77.9        | 76.9        | 75.8        | 76.1        | ↓                         |
| C.4 Percentage of self-identified First Nations, Métis and Inuit students and their parents who agreed that students are engaged in their learning at school                                        | 73.5        | 71.6        | 72.4        | 71.8        | 70.9        | ↓                         |
| C.5 Percentage of students, parents, and teachers who agreed that students feel like they belong and are supported to be successful in their learning <sup>2</sup>                                  | 84.8        | 82.2        | 81.5        | 79.3        | 78.9        | ↓                         |
| C.6 Percentage of students, parents, teachers, school board members, and the public who were satisfied with the opportunity of students to receive a solid grounding in core subjects <sup>2</sup>  | 83.4        | 79.0        | 74.8        | 76.9        | 76.1        | ↓                         |
| C.7 Percentage of students, parents, teachers, school board members, and the public who were satisfied with the quality of K–12 education <sup>2</sup>                                              | 84.6        | 80.2        | 79.4        | 78.6        | 77.6        | ↓                         |
| C.8 Percentage of students, parents, teachers, and school board members who were satisfied that the learning space in schools meets the needs of students <sup>2</sup>                              | 84.3        | 80.7        | 77.6        | 75.5        | 74.2        | ↓                         |
| C.9 Percentage of parents, teachers, and the public who were satisfied that students demonstrate attitudes, skills, knowledge, and behaviours to be successful when they finish school <sup>2</sup> | 75.2        | 70.8        | 68.2        | 66.9        | 68.7        | ↓                         |
| C.10 Percentage of students, parents, and teachers who agreed that students model the characteristics of citizenship <sup>2</sup>                                                                   | 83.6        | 80.7        | 78.7        | 76.4        | 76.3        | ↓                         |

| Performance Measure                                                                                                                                                                                                  | 2020-21 (%) | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 2024-25 (%) | 5-Year Trend <sup>1</sup> |

| C.11 Percentage of parents, teachers, and school board members who were satisfied that education leadership effectively supports and facilitates teaching and learning <sup>2</sup>                                  | 64.4        | 55.9        | 60.0        | 59.9        | 54.8        | ↓                         |
| C.12 Percentage of students, parents, teachers, school board members, and the public who were satisfied that their input is considered, respected, and valued by the school, jurisdiction, and province <sup>2</sup> | 57.0        | 51.4        | 54.5        | 52.9        | 54.6        | ~                         |
| C.13 Percentage of parents, teachers, and school board members who agreed that Alberta's education system has improved or stayed the same in the last three years <sup>2</sup>                                       | 73.0        | 59.4        | 67.2        | 68.4        | 67.6        | ↓                         |
| Performance Measure                                                                                                                                                                                                  | 2015-16 (%) | 2021-22 (%) | 2022-23 (%) | 2023-24 (%) | 2024-25 (%) | 5-Year Trend <sup>1</sup> |
| C.14 Percentage of businesses and industries who were satisfied with the educational attainment of recent high school graduates                                                                                      | 84.3        | 84.0        | 84.8        | 83.6        | 84.2        | ~                         |

1. Trend: ↑ Improvement in performance ~ No significant change in performance ↓ Decline in performance  
Trend is based on statistical analysis of the most recent five years of data.
2. The survey of teachers was administered online in 2021-22, 2022-23, 2023-24 and 2024-25, whereas previously, it was administered by telephone. Caution should be exercised when interpreting the results over time.
3. Historical results for this measure have been updated to incorporate respondent satisfaction with opportunities to learn about careers to the measure.
